

D7201 Full Digital Conference System Host

Description

The D7201 digital conference host integrates advanced management and control functions such as automatic camera tracking, 4.3" true color touch screen control, and intuitive graphical interface display. The conference host can supply power to the conference unit with good scalability, and is the core equipment of the conference system.

The D7201 digital conference host supports check-in, voting, camera tracking, automatic detection and data management functions, with a variety of conference modes.

Features

- With 4.3 inch TFT screen, friendly graphical interface, rich functions and convenient operations
- With multiple functional interface: 1 input; 1 unbalanced and 2 balanced output; 6 HDMI video input, 1 HDMI video output
- Integrate conference, discussion, sign-in, voting, electronic nameplate and other functions, support up to 4096 conference units
- With 1 5V alarm trigger interface, combine with the alarm audio input to realize override function in emergencies
- With 1 RS232 interface to link with central control system, with 1 RS422 interface to control multiple cameras
- 4 network interfaces with maximum output of 48V/90W per channel, 2 network interfaces without output voltage
- Support conference recording, manually or automatically
- Built-in MP3 program source, programs can be copied through U disk
- FIFO/ NORMAL/ VOICE/ FREE/ APPLY 5 conference modes, support up to 6 units of simultaneous speech
- Supports simultaneous interpretation, optional 15+1 language channel and can extend to 63 + 1
- Support hot backup function and camera tracking.

Specification

Item	Parameters
LINE IN voltage	250±50mV
ALARM IN voltage	250±50mV
LINE OUT voltage	1000±100 mV
BALANCE OUT voltage	2000±100 mV
Frequency response	30Hz-20kHz (±3dB)
SNR	≥80dB
Distortion	≤0.5%
Maximum output power	90W, 4-channel PoE+48V power supply
Static power	≤30W
Power supply	AC220V/50Hz/350W
Package dimension (L×W×H)	525×480×185mm
Machine dimension (L×W×H)	483×385×88 mm
Gross weight	7.8kg
Net weight	6.3kg
